

# ILHAN SULJKOVIC

FRONTEND DEVELOPER

P +381 64 041 2564  
A Novi Pazar, Serbia  
E suljkovicilhan@gmail.com

## PROFILE

Experienced in frameworks and technologies, I write clean code and prioritize test coverage.

I bring a positive attitude and a strong desire to learn and contribute.

Fluently speaking both English and German.

## SKILLS

Software Architecture  
Software Documentation  
Test Driven Development  
API Testing (Postman)  
Proficient in GIT  
Slack, Teams, and Kanban  
Scalable and Reliable Code  
Expertise in HTML/CSS/JS

## WORK EXPERIENCE

### Merakly.com

Dec 2022 - Now

### Junior Frontend Developer

I'm a frontend developer experienced in creating user-friendly web applications with React.js. I have a great grasp of HTML, CSS, JavaScript, and various frontend frameworks. My strengths include working well within teams and a dedication to crafting intuitive interfaces.

- Developing and maintaining user-friendly web applications using React.js, ensuring they are responsive and meet the project's requirements.
- Writing clean and efficient code in HTML, CSS, and JavaScript, following best practices to enhance web app performance and user experience.
- Collaborating closely with designers to transform design mockups into functional, pixel-perfect web interfaces that are responsive across various devices and browsers.
- Working alongside backend developers to integrate frontend and backend functionalities seamlessly, ensuring smooth and intuitive user experiences.
- Utilizing React components, hooks, and Redux to write modular, maintainable code that supports scalable application development.
- Implementing features like code splitting and lazy loading to optimize application performance and reduce load times.
- Participating in regular code reviews to maintain code quality, share knowledge with the team, and provide constructive feedback to peers.
- Fixing bugs and resolving issues promptly to ensure the reliability and stability of web applications.
- Staying up-to-date with the latest frontend technologies, frameworks, and best practices to continuously improve skills and contribute to the team's success.

I keep up with the latest in frontend tech and practices. My experience has taught me the value of close collaboration with team members, the skill of turning designs into accurate, responsive interfaces, and the importance of communication. I'm proficient in using version control systems like Git, participating in code reviews, and writing clear, well-documented code, all contributing to project success.

## EDUCATION

---

### COMPUTER SCIENCE - BACHELOR'S DEGREE

2018-2022

### STATE UNIVERSITY - NOVI PAZAR

- Successfully completed a rigorous Bachelor's degree program, excelling in a wide array of coursework that spanned both theoretical aspects and practical applications of the field. The curriculum covered in-depth topics, providing a solid foundation and comprehensive understanding of the subject matter.
- Consistently achieved high grades in all courses, reflecting a strong academic performance and a deep understanding of the subjects studied. This success is a testament to the dedication, hard work, and intellectual capacity displayed throughout the academic journey.

### NETWORK AND SYSTEM ADMINISTRATION + DEGREE

2014-2018

### SPECIALIZED HIGH SCHOOL OF NOVI PAZAR

Four year program for system and network administration, received honours as the Best student (w all the courses and projects highly graded)

## ADDITIONAL QUALIFICATIONS

---

- HTML/CSS/JS CentarNIT certificate
- Professional React Developer certificate
- GIT advanced usage with conflict resolution certificate
- C2 English at EFSET
- C1 German at Berliner Sprachakademie
